## Genuine, crystal clear natures own spring water from Finland

- Natural water from clean nature bottled with clean energy!

## Environmental friendly

- Polar Spring utilizes solar energy in its production.
- Polar Spring water rises naturally to ground level.
- Polar Spring water is filtered by thick and clean layers of sand and moraine gravel.
- Polar Spring factory is located in the middle of clean nature, on the Salpausselkä ridge, on the southern border of the Finnish Lake District.

## Customer feedbacks

- " On my travels around the world I have been drinking a lot of bottled waters, never before have I met this tasteful water. I wish You success and many years in business!"
- "Our family is very sensitive for chemicals, that is why we cannot drink tap water. We have tasted many bottled waters and found that Your water is best to our liking."
